

Are You Eligible?

Personalized support throughout your orthopedic journey with the mymobility® App

We use the mymobility app to assist our patients throughout their surgical journey. mymobility gives you constant connection with your care team, so you'll receive helpful reminders, progress reports and support that's unique to you..

iPhone® Users

Scroll down to the Information section and check if your phone is compatible.

Android Users

Scroll down and click on "About this app" and scroll down to "Compatibility" to check if your phone is compatible.

If you and your surgeon agree that surgery is your best course of treatment, you may have the opportunity to use mymobility. If you have an Apple Watch® you have the ability to use it with the mymobility app during parts of your pre-operative and post-operative care.

If you don't have an eligible smartphone, you can always use our web-based application to access mymobility. All you need is a text-capable mobile device, a computer or tablet, and access to the internet using Chrome, Safari or Microsoft Edge. Just look for the URL in your activation text message.

Ask your surgeon today!

Not all patients are candidates for the use of this product and surgeons should evaluate individually to determine which patients are appropriate for therapy at home. Patients must have Internet access and a text-capable mobile device or a compatible smartphone to use mymobility; not all smartphone app features are available with web-based version. Apple, iPhone, Safari, Apple Watch and the App Store are registered trademarks of Apple, Inc. Google, Chrome and Google Play are trademarks of Google, LLC. Microsoft and Edge are trademarks of Microsoft Corporation. This material is intended for patients and general consumers interested in learning about the Zimmer Biomet Connected Health mymobility Application. Zimmer Biomet does not practice medicine. All mymobility app content is chosen and prescribed by your surgeon; all questions pertaining to what treatment option is right for you must be directed to your surgeon/healthcare team. ©2022, 2023 Zimmer Biomet
